EMPOWERMENT THROUGH EDUCATION
8th-10th February

About National Social Summit

Youth empowerment is the axis about which empowerment of the nation revolves. The youth without education is like a vehicle without the necessary fuel. It goes without saying, that education is instrumental for the realization of one's innate self and fulfilment of goals.

Keeping this in mind NSS IITR proudly presents the third edition of Social Summit on the theme "Empowerment Through Education". It is a platform for people sharing similar ideas to work together for the betterment of the nation.
